

The Habimah Society is a group of dedicated and generous individuals and companies that support J-CAT, the J's Cultural Arts Theatre. "Habimah," the Hebrew word for "the stage," represents the foundation of this extraordinary environment, where youth and adults alike can participate, grow, and find a creative outlet through the magical world of the performing arts.

Our year-round J-CAT program initiates its students of all ages through a full season of live-stage productions. In addition, Summer Stock Theatre Camp and a whole range of after-school and evening classes in acting, technical theatre, and more are offered, some starting as young as 1st grade.

Thanks to the dedication of our performers, the enthusiasm of our audiences, and the quality of our work, we create a vibrant theatre experience season after season. However, in order to maintain its quality, to realize success for our performers, audiences and creative team, we need your help, because J-CAT cannot be sustained on ticket sales alone.

Our supporters are all respected and recognized members of the J-CAT Habimah Society.
